Armida Gandini (Brescia, Italy, 1968). The theme of the personal identity in its relation with the world has always been at the heart of her investigation; in the developing of her projects she works through a fusion of conceptual issues and aesthetic concerns and makes use of different languages such as photography, drawing, installation and video, in very personal ways: the series created for STANDING UP have been developed through various techniques like graphite and drawing on photography transferred or printed on paper, elaborations of magazine pages by means of mixed media, intervention on photography through cut outs or carving, layering of print on glass and on photographic paper. *Armida Gandini (Brescia, 1968). Il tema dell'identità personale e la sua relazione col mondo è da sempre al centro dell' indagine dell'artista, che nello sviluppo dei suoi progetti lavora fondendo aspetti concettuali ed estetici e utilizza linguaggi diversi come fotografia, disegno, installazione e video, impiegandoli in modo personale: le serie create per STANDING UP sono state sviluppate attraverso varie tecniche come grafite e disegno su fotografia trasferita o stampata su carta, elaborazioni di pagine di giornale con tecnica mista, intervento su fotografia col ritaglio o l'intaglio, la stratificazione di stampa su vetro e su carta fotografica.
